ADDITIONAL INFORMATION

Referral/Prior Authorization Requirements	A written referral is required for services performed by a provider who is not the Primary Care Provider or is not located at the primary clinic. Referrals to non-Plan Providers must be prior authorized by the plan before services are received. Services that do not require a referral, if seen by a Plan Provider, include: chiropractic care, routine vision, Magnetic Resonance Angiography (MRS), Magnetic Resonance Imaging (MRI), respiratory therapy, diagnostic testing, home health care, durable medical equipment sale or rental, oral surgery for covered procedures, and OB/GYN services when obtained from an OB/GYN specialist. Referral requests to Dean Medical Center sites and those clinics in association with the Dean Medical Center are not required.
Medicare Claims Procedure	Most Plan Providers accept Medicare assignment, in which case the process is fully automated. If Medicare is the primary carrier, claims must be submitted to Medicare first. After Medicare processes the claim, your provider will then submit the itemized bill and the Explanation of Medicare Benefits to us for processing as the secondary carrier.
